

***Elite** is an Exploration and Production IT & Business Consultancy servicing Oil and Gas Operators and Service Providers in the UK, Europe, Middle East and United States.

With expertise in all areas of Exploration & Production Domain Services, IT Strategy & Business Engagement, Operational Efficiency, Transformation Services, Programme and Project Services and Application Management Services, **Elite** provides the complete range of Business & Technical Consultancy Services.

Why Choose Elite?

Working with Elite Your Organisation can benefit from our vast knowledge and expertise gained from across the Oil and Gas Industry. Our Management Consultants have not only specialist technical skills but practical hands-on experience, many of whom have ten years plus in this sector.

One of the greatest strengths of Our Company is being adaptable and responsive. We aim to understand Your Organisation and business drivers which coupled with the strengths of Elite we deliver to an agreed plan with confidence.

Our approach is simple and effective. We work closely alongside Your Organisation listening to your requirements and adapting our service to meet your objectives.

What are our Core Values?

Our value is in our people and **Elite** has continued investment in both our core staff and associated partners. We believe that fundamental to our strong client relationships our consultants work with our simple but effective core values:

- We nurture our people and client relationships to develop a sustainable future
- We continuously challenge ourselves to innovate and create added value for our clients' success
- Our people are dedicated professionals who deliver with energy, knowledge and excellence
- We act with trust and integrity to build lasting partnerships
